SPRINKLER METERS NOW AVAILABLE

Sprinkler meters will be available May 1st for those wanting to take advantage of the sprinkler credit. To receive the sprinkler credit, a second meter can be picked up to meter only the water that is used for sprinkling. Users will be charged a water usage fee for the water used, but will not be charged a sewer usage fee for the portion of water used for sprinkling. A $5 fee plus a $25 deposit will be charged when picking up the sprinkler meter. The deposit will be credited to the utility bill when the meter is returned in the fall. This would be most beneficial for those who fill pools, have gardens, water their lawn, etc. Please call the Village with any questions.

By working together to reduce/eliminate food sources, we can discourage these nuisance bears from coming into the Village.
