SCAM CALLS ON THE RISE

The Police Dept. has had several reports of scam phone calls in recent weeks. Remember, do not provide any personal information over the phone or email unless you were expecting the request and know who or where you are sending the information. If you have any concerns about a suspicious caller or email source please contact the Police Dept. 715-463-2405, option 3.

WATER METER & CROSS-CONNECTION INSPECTIONS

The Village Crew will be calling to schedule meter testing and cross-connection inspections. These are required by the Wisconsin DNR & PSC and are done every 10-20 years in residential settings. If you are called, please work with the Public Works Department to make these tests a priority.

Sprinkler meters will be available after May 1st for those wanting to take advantage of the sprinkler credit. To receive the sprinkler credit, a second meter can be picked up to meter only the water that is used for sprinkling. Users will be charged a water usage fee for the water used, but will not be charged a sewer usage fee for the portion of water used for sprinkling. A \$5 fee plus a \$25 deposit will be charged when picking up the sprinkler meter. This deposit will be credited to the utility bill when the meter is returned in the fall. This would be most beneficial for those who fill pools, have gardens, water their lawn, etc. Please call the Village Office with any questions.

We are working on a new website for the Village. We would love to showcase photos of our community taken by Village residents. If you have photos that you would like to see included on our website, please email them to villageoffice@grantsbugwi.com.

*"Thank you for your patience & cooperation as we implemented new winter parking rules this year. We will include reminders prior to the start of no parking **rules** November 1st, 2021 in our newsletter and signs will be installed at the Village entrances to serve as reminders."*
